### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Clark A. Puntigam on April 15, 2005.

The application has been amended as follows:

In the first line of claims 6, 11 and 13: "5" has been changed to --1--.

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of a bedding article comprising a plurality of bedding channels containing fill material, wherein at least a majority of the channels are divided into *just* two longitudinal portions *of different lengths* by a closing element, and further wherein the lengths of each of the two longitudinal portions, respectively, *vary between adjacent channels such that the portions overlap longitudinally between adjacent channels*, as specifically recited in Applicant's sole independent claim 1. With regards to the prior art, the examiner respectfully agrees with Applicant's arguments on page 4 of his amendment stating that the Leggett et al. '669 and A-Yan '945 references merely disclose channels divided into longitudinal portions having the same

size, as opposed to longitudinal portions having respective lengths which vary within and between adjacent channels as claimed by Applicant. Since an updated search of the prior art did not yield any other references pertinent to Applicant's claims, it is considered that the application is currently in proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..
